

Engineering Freshman Learning Community Roommate Request Form

Roommate Requests must be submitted by all parties by June 1 of each academic year no exceptions!

Insofar as possible and as space permits, every effort is made to honor requests for a specific roommate. **Roommate requests must be mutual and all roommates must have completed Housing and the Engineering Freshman Learning Community applications at the time the housing assignment is made. You must include the correct student's ID number and name in the spaces provided. **Roommate choice must be a member of the College of Engineering Freshman Learning Community.** The University will not accommodate roommate requests based upon a preference of a certain race, age, religion, sexual orientation, national origin, or different ability.

For your request to be honored we MUST have a roommate request form from all involved parties; every attempt will be made to fulfill your request, however we cannot guarantee placement.
